

## From The Film Of The Same Name...

BECKY BRINE

Becky Brine will you be mine?  
I know you'll show me a real good time.  
When I'm with you I feel fine.  
Tell me it ain't no crime.

And in the morning when I awake  
All I need is just a piece of cake  
You've got a drink with a chocolate flake  
Can I have a little bit for heaven's sake?

And in the ev'ning when we go out  
You never mind if I mess about  
I only ordered lager and lime  
But now I've drunk another bottle of wine

Becky B are you still free?  
Did I tell you you're the one for me?  
I'm coming round at a quarter to three  
So you can pour another cup of tea

And when I'm standing next to you  
I just don't know what to do  
And when you ever go away  
I just don't know what to say

You've got what I like  
As soon as you step up to the mike  
And when you start to scream  
It feels as if I'm living in a dream.

FOREVER CHANGING

And when you've taken everything  
That she can give  
And when she tells you that she's got  
So long to live  
And orange skies are all around  
And above  
And it reminds you of the time  
You were in love

And you feel her heart beating

And when you notice that  
Her eyes no longer blink  
And carnivals won't change the way  
That you think  
And now you try to leave  
Without making a sound  
And even now the dawn

...To The Field Of The Stone Gnome

## From The Film Of The Same Name...

Is breaking all around

And you feel her heart beating

And now you realise the time  
Has come to leave  
And who would listen to you now  
Who would believe?  
The singing cowboy was her one  
And only friend  
He stroked her hair and then he waited  
For the end

And you feel your heart beating  
And you feel your heart  
And you feel  
And you...

### BOTTLES & SHIPS

I sometimes think that I will never see  
The wood for the trees  
You never told me why you had to go  
The birds and the bees

And then you surprise me  
With a word from your lips  
It's never plain sailing  
With bottles and ships

I sometimes think that I will always be  
The man in the moon  
You left me here so very long ago  
Like the swallows in June

And then you surprise me...

### FLOAT FINISH

Um... it's an instrumental

## From The Film Of The Same Name...

### SUMMER LOVING

You know I miss you some and I meant to write  
Summer loving in the dead of night  
But I forgot myself and went with someone else  
Who didn't know this place  
(And what happens next in this forsaken place  
Is that I missed the ledge)

You know I love you some and I'll find the Sun  
When you decide to come  
And we will have fun on the merry go round  
(I hope to God I'm found 'cos now I miss you hon)  
But now I'm underground. Did you hear that sound?  
They're digging all around.

This is the night shift.  
They're only here to help ('cos I fell down the cliff  
When I missed the shelf.)  
They're torching down a light in the dead of night  
And I'm forgetting how you're so forgiving  
But life's for living

### THAT'S WHY I'M FEELING DOWN

3 a.m. in the morning  
Baby's just been bawling  
I feeling I should be crawling  
Back to bed  
But I cannot

That's why I'm feeling down

It's been like this for three weeks  
Keeping me awake  
It's not the lack of sleep I mind  
It's just the noise she makes

That's why I'm feeling down

You always give me what I never had  
That's why I'm feeling so bad

That's why I'm feeling down

## From The Film Of The Same Name...

GET IT ON IN DARTINGTON

Let's go to Dartington  
Just the two of us  
But I ain't fit to drive  
So I'll take the bus  
I'll take the 1-6-5  
And get it on  
In Dartington

And when I get there you're there  
Combing back your hazel hair  
I lost my heart by the river Dart  
Put down roots and made a new start  
Don't say you're leaving say you care

And when it's over I'll fix  
All those folks who played nasty tricks  
The tearing of my playhouse down  
They ain't fooling us around  
I'll shout the truth until it sticks

Oh I must confess I can't take Totnes  
I'd much rather be, in Buckfastleigh  
But I get it on...  
Oh I never went to see South Brent  
I woke up too late to cross the A38  
But I get it on...  
You'll never catch me living near Torquay  
It's much better when, I'm in Ipplepen  
But I get it on...  
I resist the habit to go to Newton Abott  
And I thank the Lord when I'm in Harbertonford  
But I get it on in Dartington  
Get it on  
Bang a gong

JOHN PEEL

John Peel won't you listen to it  
I know it's going to be a smash hit  
I'll send you a picture of my sister's  
Oh how I wish I didn't have these blisters

I sent you my first demo back in nineteen-seventy  
You wrote back to say you had plenty  
When I was into Rock and Roll  
You liked sounds ethereal  
Maybe I'm amazed, should have been a breakfast cereal

John Peel... Chorus

I'm getting so tired of playing this riff  
So I'll move my fingers to another chord  
Roll one up and light my spliff  
I really hope you're not getting bored

John Peel Chorus

Maybe it's because I put it on cassette  
Would you prefer, reel to reel  
Print my name in lettraset  
Is this how I can appeal?

John Peel... Chorus

If I wrote a song about Kenny Dalglish  
Could you guarantee it would get released?  
I've gone to all this trouble to sing it  
Please don't fling it.

John Peel... Chorus

VIRTUALLY YOURS

Waiting by the telephone  
I am feeling so alone  
You never call  
Me at all  
I shouldn't own  
A telephone

But you keep me hanging on  
Every word you say  
When I'm with you I know  
I am not alone  
But you keep me hanging on  
Please disconnect my phone

Crouching by the fax machine  
I am feeling really mean  
You never send me  
A facsimile  
How could you know  
How much you mean  
To me?

'Cos you keep me hanging on...

...To The Field Of The Stone Gnome

## From The Film Of The Same Name...

Sitting by my dad's PC  
No email messages for me  
We never connect  
On the internet  
How could I tell  
It was over  
Yet

'Cos you keep me hanging on...

But I can't live without you by my side  
Goodness knows how often I've tried  
You don't know how I feel inside  
Why should love feel live I've just died?

### COUNT THE WAYS

You've got me wanting you like never before  
No I'm thinking of you night and day  
How can I, I be yours and you be mine?  
I'm, gonna love you, 'til the end of time

How I love you!

Why did I never notice you before?  
Now I've got to pick myself up off the floor  
How can love knock me down and leave me for dead?  
I'm hungry for your love, but when am I gonna be fed

How I love you!

You are the one  
You turn me on  
Turn the lights out when I'm gone  
I won't be long

You've shown me all the ways I could love you today  
Now my heart is on fire and I can't turn away  
So I'm telling you please won't you listen to me?  
As I count out the ways that I love you today

You're amazing I can't believe it's happening to me  
Now closer I've got something I want you to hear  
How can we touch the moon and stars and see  
Where we go as we race into eternity?

How I love you!

...To The Field Of The Stone Gnome

### HOW MANY LIGHTBULBS

Another instrumental, but with these words you can say to yourself during the chorus:

Por favor pasar la mantequilla  
La carretera está en muy mal estado

### MAKE IT UP

Everybody's got something new  
I don't know what to do  
I haven't seen you for a thousand years  
It feels I'm meeting my greatest fears  
Everybody's got something old  
At least that's what I've been told  
I went and threw it all away  
I couldn't wait until the judgement day

So why don't we make it up?  
Someday!  
Breaking up  
No way!  
It shook me up  
I'm okay!  
I've been missing you today

Everybody's feeling blue  
It's got a lot to do with you  
I had a taste of being free  
I s'pose that's something to do with me  
Everybody's got something borrowed  
I couldn't wait until tomorrow  
So now I'm down here on my knees  
And I'm begging you please

So why don't we make it up...

## From The Film Of The Same Name...

SO LONG

I drive along from A to B  
I remember good times  
Just you and me  
Images fly past  
Forgotten faces  
I thought it could last  
And there's still traces

But it's so sad baby that one of us had to go  
And I'm feeling maybe, I won't let it show  
'Cos it took so long to find that special kind of friend  
We had a love so strong it shined  
I wonder, where will it end?

I move along  
The road less travelled  
I understand how  
My life's unravelled  
I realise now  
The truth is dawning  
We will return strong  
Come the morning

But it's so sad baby that one of us had to go  
And I'm feeling maybe, I won't let it show  
'Cos it took so long to find that special kind of friend  
We had a love so strong it shined  
I wonder, where will it end?

It's been so long since I've known you  
Too long since I've shown you  
The road to my horizon  
A shoulder for you to cry on  
A path without any bend  
A heart that couldn't mend

And it's so sad baby that one of us had to go  
And I'm feeling maybe, I won't let it show  
'Cos it took so long to find that special kind of friend  
We had a love so strong it shined  
I wonder,

          where  
                  will  
                          it  
                                  end?

## From The Film Of The Same Name...

### MODIFY MY MIND

All alone,  
Nowhere to call my home  
All my fresh faced friends,  
Get snapped up in the end  
That is how it seems,  
Take me home in your dreams

Stuck up here on the shelf  
All by my very own self  
Am I here on trial?  
With no-one to walk down the aisle  
Check out all my prices  
Knock me down in a crisis

From The Film Of The Same Name...

You Modify My Mind  
When you wear those jeans

Put me on your scales  
Weigh me up and down  
Feel how fresh and ripe  
Down believe all the hype  
Quickly make your selection  
Don't leave me in the freezer section

You Modify My Mind  
When you wear those Jeans

Wear those Jeans  
All alone  
You Modify My Mind
